“Catalyst - a person or thing that precipitates an event.” Leadership Coaching is a “catalytic” strategy that assists experienced and emerging leaders in realizing their full potential by clarifying goals and challenges and utilizing their strengths to achieve success.

The FPRA conference will provide a unique opportunity for a limited number of attendees to receive an individualized coaching session with an experienced, skilled leadership Coach. These confidential “catalytic” conversations will support you as you launch or fuel a transformational process, develop strategies to address a goal or a challenge and identify and apply your strengths.

This unique opportunity is being provided at a significantly reduced cost – an added benefit and opportunity for conference attendees!

COACHING AVAILABILITY

A limited number of 90-minute sessions will be provided throughout the conference for individual Leadership Coaching from experienced leadership coaches: Carolyn Maue and Carol Bennett. Participants are encouraged to sign-up for these sessions by **June 17**. These sessions will be scheduled on a first come/first serve basis.

ADDITIONAL INCENTIVE FOR COACHING

Leaders who have the opportunity to experience a leadership coaching session often are able to obtain support from their company/organization to engage a coach for themselves, their boss or their team. A special FPRA rate for leadership coaching will be offered to your company/organization following the conference, including the coaching fee already paid for the conference session. Carolyn Maue, president of The Maue Center, can be reached for more information.

COACHING PRE-WORK

You will get the most out of the 90 minute coaching sessions by preparing in the following ways:

- 1 Identify a goal or challenge as a leader that you are facing or anticipate in the next three to six months.
- 2 Identify key strengths that you use in your leadership and bring them to the session. These strengths can be identified by taking an assessment prior to the coaching session (example: Strengths Finder, Strengths Profile or Myers Briggs Inventory).
- 3 Bring your strengths results to the session to discuss with the coach how you can apply them to your goal or challenge.
- 4 Be prepared to discuss your goal or challenge in depth, along with action steps you agree to take.
- 5 Identify a “sustainability partner” in FPRA or in your work with whom you can confer and utilize to assist you in ongoing growth following the coaching session.

LEADERSHIP COACHES

Carolyn Maue
